## FEATURES & HIGHLIGHTS

- 5-Shot 38 Special +P
- 6-Shot 32 H&R Magnum (also fires 32 S&W Long & 32 S&W)
- No lock Airweight aluminum frame
- All models weigh 16 oz.
- XS Tritium front sight w/ green ring pinned to the barrel ramp
- Black serrated U-notch rear sight dovetailed into the top strap
- 38 Special sights are regulated at 15-yards w/ Speer 135 gr. Gold Dot +P in addition to standard pressure 148 gr. Wadcutter loads
- 32 H&R Magnums sights are regulated at 15-yards w/ Federal 85 gr. JHP in addition to 100 gr. weight ammo traveling 800 fps like the Buffalo Bore 32 S&W Long offerings
- VZ G10 UC grip covers back strap for better firing grip
- Left side of grip relieved for speed loader use
- Grip bottom is flush cut for maximum concealment
- "High Horn" style goes to the top of the backstrap for a higher grip and to reduce recoil in the web of the hand
- Optimized hammer & trigger geometry and springs for a lighter, smoother trigger pull
- Chamfered charge holes for ease of loading
- Beveled cylinder front edge for smoother holstering
- "Endurance Package" upgrades include titanium pins for improved performance and durability for extensive firing
